Dear Harold:

"The Pentagon Papers" cast a prophetic aura over your "Coup d'etat" thesis albeit only a Marxist would make a connection -----.

The R.F.K. material did get some media play and Kaiser cautiously affirmed his conspiracy belief ---.

Frank via Barry Gray said his King Book was finished but gave no pub. date or info.

Was shocked by the marked physical and/or mental disintigration displayed by "J.G." as per an interview.

What's your view of the matter?

Best Wishes,
